Thank you Rudy.

Can you please let me know how this customer was contacted by your lead provider? We have to answer today or accept the fine and complaint.

I went to buy.com and read through their privacy policy and could not see where it states they opted in for 3rd party advertisers offers. Please let me know how your lead provider contacted this number (i.e. via survey and the customer pressed 3 to opt-in for a home security offer? Is it a generic home security offer? What are the other offers on this survey?

Thank you,

Daphne Fernandes
